

I am a visual designer, illustrator, and all around design enthusiast. My professional experience spans a wide selection of creative disciplines including digital, print, and structural design.

professional experience

owner/ designer

Jay Glass Design - January 2018-Current

Lead clients through consultation and iterative design process.

Services performed: branding and visual identity, publication design for digital and print, website and mobile interface design, promotional campaign design, illustration, copywriting.

art director

Studio Dzo - July 2017-July 2018

Created and presented client proposals, acted as point of contact for clients throughout design process, and developed strong client relationships.

Trained and mentored Junior Designers and Project Managers.

Developed internal best practices and documentation guides.

Coordinated with clients, architects, contractors, and outside vendors to ensure consistent design implementation throughout production process.

senior designer

Studio Dzo - August 2016-June 2017

Designed detailed, cohesive identity systems in accordance with brand standards and ADA guidelines.

Developed message schedules, site maps, and visual strategy guides.

Created digital product mock-ups, concept presentation decks, and conceptual mood-boards.
